

Information Literacy Reflective Response

Name: _____

Date: _____

Conceptual Understanding:

1. What is the significance of “information literacy” as a concept to students who are graduating from high schools in this digital age?

Application of Knowledge:

2. Explain how you plan to use Nettekker and Britannica Online. Describe the features you found most interesting including how you could make use of them yourself and/or with your students. If you don't plan to use them, tell me why you feel they are not practical to your teaching environment.
